Sunday 3:30—Chinese vs. St. Louis.
Five ball games have been listed for the lovers of the national sport at Athletic park, and the teams are so arranged this week that it is expected every game will be a hard battle for honors, perhaps with the exception of the 25th Infantry—Honolulu game.

The Saturday games will show two of the fastest games in fielding here, while on Sunday the clash between the Chinese and St. Louis will be worth while. Both teams are on edge, and without doubt this game will be a battle to the finish. On Sunday morning a good fielding team and a hard hitting squad will clash.

What healthy Nerves Mean to You

A strong, vigorous nervous system means health, strength and ability to endure hardship and also to enjoy the full pleasures of life.
The man with healthy nerves accomplishes greater tasks with less fatigue. He has a clear eye, an active brain and a sound body. He is enabled to think better and work faster. He has energy. With healthy nerves he can overcome the hardest competition, be successful and gain wealth.
The woman with healthy nerves is never listless, weak or hopeless; she is not irritable, she never suffers from hysteria, she has a reserved surplus of endurance. Healthy nerves will prevent the sleepless mother, although worn with care and nursing, from a "break down" caused by her double or treble duty.

All men and women who suffer from these forms of nervousness—known as Neurasthenia—who have "gone to pieces," who lack energy, who have insomnia, who have succumbed to nervous prostration or nervous exhaustion, either mental or physical, whose condition is one of irritable weakness, will find ready relief and cure in the peculiar properties of

ATHLETIC CARD FOR BOYS WILL BE GIVEN AT Y

All-Star Athletic Tourney May 26 Will Bring Out Industrial School Boys

On Friday night, May 26, the people of Honolulu will be treated to the finest all-star athletic entertainment ever given in the city. With a highly successful similar entertainment given last year as a background, this year's production will outclass anything ever attempted here in the line of a gymnastic exhibition.

One of the strong features of last year's stunt was the pyramid number which was built by a picked number of Honolulu's crack athletes. This year this number will be handled entirely by a specially trained team of athletes from the Waialeale Boys' Industrial School, sixteen in number, who have been undergoing during the past three months a siege of concentrated training under the direction of S. W. Robley, who has been assisted by Mr. Benny and Mr. Faz, members of Supt. Anderson's faculty. The Industrial Boys are now building the most difficult pyramid ever attempted in the islands and will handle their end of the entertainment like Orpheum stars. All of their twelve pyramids are built without the use of apparatus and one, called the high tower, is over twenty feet.

Tumblers Featured.
The mat work and tumbling will also furnish a surprise to all those present, inasmuch as there are now a dozen or more in the advanced class who are turning the front somersault in the air and the one-leg back somersault. The rings and the horizontal bar work will be an added feature this year and both of these will be of the high class order. The horizontal bar drill has now three men who do the giant swing and many other difficult tricks on the polished hickory.

The class drill on the parallel bars will be neat, fast and snappy and will be followed by a five-minute exhibition of individual stunts by Pease, Alexander and Robley.

The distance diving from the spring board is always a welcome and interesting number for the reason of the necessary danger involved where the performer with a running start leaps upon the spring board and is hurled head-foremost through the air a distance of from twelve to twenty feet, at the end of which by a quick turn and skip he turns a roll, landing on his feet.

In the Honolulu crawl two members of each of the clubs are permitted to enter and a prize will be given to the winner. The 50-yard roll race is governed by the same conditions, two from each club to enter and a prize to the winner.

The dumb-bell drill, which will be the opening number, will feature the calisthenic training that the boys receive in the boys' clubs in the different parts of the city. The horse drill will be accompanied by the orchestra. The high dive and the obstacle race will both furnish prizes to the winners of these two events.

There will, in all, be ninety-five different young men and boys taking part in the athletic events, the same to start promptly at 7:30 and to close at 9:45.

The Y. M. C. A. orchestra will furnish the music for the occasion. Under the leadership of Edwin H. Ideier, the orchestra will play three numbers on the regular program and incidental music for some of the athletic work. This will be one of the big features of the evening's entertainment.

GOLFERS PLAY AT MOANALUA

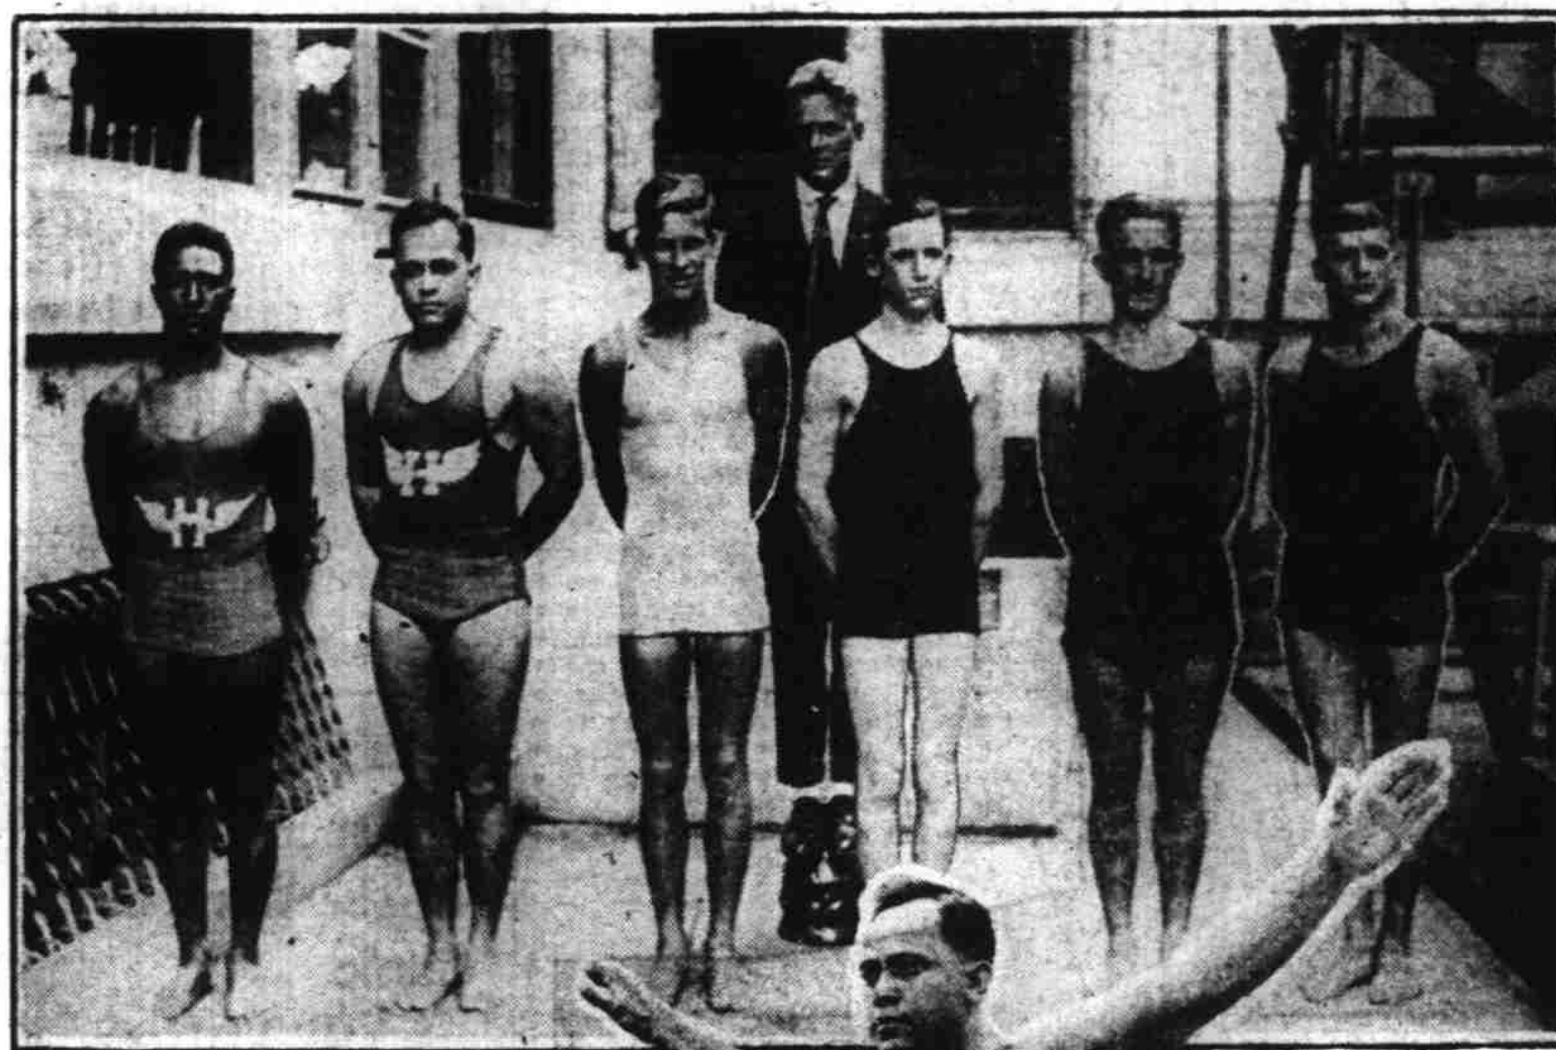

Inclement weather at times has not stopped the play at the Moanalua golf links, and the players have for the most part completed their first round of play for the Moanalua tournament. Most of the Germans, Irish and French have been eliminated, and Scotland is to the fore at present with a number of winners of the first round play.

Since the tournament began increased interest has been displayed in the royal and ancient pastime, and although the brush has received a thorough search notwithstanding the ardent sileers are keeping up their game and it is expected that when the next tourney is announced more than 64 will be entered.

Many of the scores turned in to date have been creditable, while others have held a secret. Among the leading golfers who were eliminated on the first round are Lieut. Burdick, W. R. Ouderkirk, J. C. McGill and A. M. Hamrick. A consolation tourney will be arranged after the close of the first round.

Andrew J. Graham, well known Chicago West Side broker, died at his home in Chicago.

Stars Who Will Compete in Aquatic Events

Group of divers and swimmers who will compete in the swimming meet this afternoon and tomorrow afternoon on the harbor. On the left is John Kelii, a new member of the Healanis swimming team who has never before appeared in competition. Swimming fans who have watched him in workouts predict that he will make a great showing in the sprint events. Next to Kelii is Robert Fuller, diving champion of the islands, who will defend his title today. The third man is "Stubby" Kruger, perhaps the fastest 220-yard swimmer in Hawaii, Duke Kahanamoku excepted. Next is Willie Rowat, who has appeared in many recent meets. George Hawkins, the second from the right, is one of the leading athletes of Honolulu. He has starred in baseball, football and track, and has a notable record in aquatics. On the extreme right is Karl Krebs of the Geier, who has made rapid strides in diving. Lower figure, Robert Fuller in a diving position. Clair Tait, swimming and diving instructor of the Y. M. C. A., is standing back of the aquatic stars.

ROGAN PLAYED IN GAME; HIS TEAM WON OUT

Star Hammers Homer, Plays Third Base, Pitches, Steals Bases and Laughs

[Special Star-Bulletin Correspondence.]
SCHOFIELD BARRACKS, H. T., May 19.—Saunders' young stars continued their winning stride when they took D Company's ball team into camp, 13 counters to 4. The first four innings approximated a ball game and then D blew. In the fifth they blew some more and the sad story was about written. Rogan was very much in evidence, playing third base until the seventh inning, then he went in the box, tied down his arm, and put some mixed ones over the pan for the D batsmen to strike at. In the fifth frame he picked out one to his liking and sent it over the right fielder's head, the ball traveling in the coral road in front of the officers' line.

Fortson also got a homer when he drove one of Rogan's slants into deep center, the fielder very obligingly falling down and rolling after the ball instead of running for it. This was the one and only hit made off Rogan.

Price, who has been doing some nice catching for D, either quit or became dazed by innumerable runners crossing the plate in the sixth. Anyway, a bad break to him resulted in four scores, as he made no attempt to retrieve the ball.

The umpire at the plate missed on his decision when he called Morris safe in the sixth. Price put the ball on him while he was still in the air and had him out by a foot, only in this case it was by a leg.

Runs and hits by innings:

Notes of the Game.
Willie, first baseman for the Machine Gun outfit, takes his foot off the sack before he catches the ball. The umpire favored him every time in his decisions at first, however. Leavelle appeared on the field with

OAHU POLOISTS TO MEET MAUI PLAYERS TODAY

Harold Castle and Arthur Rice went to Maui yesterday on the "Clau-line" to take part in a polo match between the Oahu and the Maui players which will be staged today. They will be joined at Maui by David Fleming, who will play with the Oahu team.

The local players will not take their ponies with them, as the Maui team has consented to allow the visitors to use their mounts. Polo will be delayed somewhat this year and it is thought that the island championship will not be played until late in August or early in September. All of the polo ponies are now at the Kapalani Park stables and will remain there until the championships.

Maui is making an effort to land the championship of the islands this year in polo and as the first step the Valley Island club has imported a trainer from New York and a new field is being laid out at Punahou, which should rival any in the islands.

A large bucking mule, done in black, sowed on the back of his shirt. The other members of the team probably will follow suit.

Carroll made a grandstand play when he stood still and made no attempt to get under an easy pony fly. He was emulating Papay's catch, but the latter fortunately was under the ball when he pulled his gallery stunt.

"High Pockets" is the name given to Wyllie by the fans. He stands about six feet six.
Rogan as usual ran wild on the bases and after one or two futile efforts to catch him he was given the right of way to all the sacks.
Dawson's attempted catch in right field brought down the house. He thought he was picking cherries. It was a lesson to him and the next ball that came his way was promptly gobbed by means of his hands, shirt and body.

Russell has not been connecting with the ball like he did last season. Not a single passenger killed in a collision in the last quarter of 1915 is the record to which railways of this country are pointing. It is estimated that \$30,000,000 were paid in that period.

PUNAHOU SQUAD WILL BE READY FOR PLAY SOON

Punahou will have a strong team in the field for the Junior League game on Saturday, May 27. Owing to the inability of a number of the players to arrange their time for practice, the team did not open their season this afternoon, but will clash with one of the fast teams next Saturday.

Among the players who are expected to wear Punahou uniforms are Girdler, Winne, Rasmussen, Littlejohn, Austin, Zabrickie, Quintal, Scott, O'Dowda, Koppeler, Brash, Carter, Ross and others who will go out for practice.

John O'Dowda has been busy lining up a number of the players for the first game, and the squad will begin practice early in the week. Included in the list are a number of stars, who should make a good showing in the Junior games. When seen today O'Dowda stated that he would get the players together for practice the first of the week. "We will have a fast team, and will go after the flag," was his statement.

"DON'T KILL YOUR WIFE" TEAM WILL PLAY TRUNK HUSTLERS ON SUNDAY

Tomorrow morning the Mutual Telephone Company and Iron Works will meet in the first game at Moiliili field at 9 o'clock, and in the second game the Service First battles with the Gas Co. With Duke Kahanamoku, "Stubby" Kruger and other stars entered, the events promise to be interesting. Kruger will have a four-second handicap on Duke, and this should be a real race, as Kruger has made better time than 57 on the hundred, which will give the champion a hard test today.

The girls' races will feature while the diving event today bring out the best performers in the islands. The seats have been arranged to take care of a large crowd, and the admission price has been set at 25 and 50 cents. The list of events for today and tomorrow are as follows:

SCHOFIELD POLO PLAYERS TO BE READY FOR PLAY

Artillery and Cavalry Will Join Forces for Title Try: Game on Yesterday at Post

[Special Star-Bulletin Correspondence.]
SCHOFIELD BARRACKS, May 20.—The polo players at Schofield are beginning to make serious and active preparations for the inter-island tournament which is expected to take place late in August or early in September. At a meeting held Thursday evening it was definitely decided that the 4th Cavalry and 1st Field Artillery should combine their forces and put one team instead of two in the field to represent the army.

This was what was done last season, but this year the prospects are much brighter. The string of ponies on hand is much better, and some of the newcomers will make the team much stronger than a year ago.

Lieut. John K. Kerr, 4th Cavalry, was selected to captain the team, and Lieut. Col. John E. McMahon, 1st Field Artillery, was elected polo representative of the post.

It was decided at this meeting that the polo shirts to be worn by the army team this year should be green with a different colored helmet to distinguish each player.

To Play for General Evans.
Four men were tentatively selected as the first team and played together for the first time yesterday afternoon. Practice games will be played two or three times a week with special games on Sundays. The ladies of the mounted regiments have decided to make these special games a social feature as well as an athletic one, and four will be selected each Sunday as hostesses and will be in charge of the serving of refreshments between the chukkers. Tomorrow there will be a special game in honor of General Evans, the new department commander, who will be a visitor at Schofield.

First Team Wins by One Point.
The provisionally selected first team had their hands full in defeating the second team yesterday afternoon, and after five fast periods the score was 7-12 to 6-12 in favor of the first team. The second team, however, was given a handicap of six goals and were able to score only once.

They held the first team to one goal for three periods, but the last two, the first team got together with some splendid teamwork and rolled up several goals.
Lieut. Cullum, who was injured when his pony fell with him in practice last Tuesday, left the hospital yesterday, but on account of a wrenched shoulder, will be unable to handle a mallet for two or three weeks.

The players yesterday were as follows:
First Team—Herr (Cav.), No. 2; Hoyle (F. A.), No. 2; Beard (F. A.), No. 3; Haverkamp (Cav.), No. 4.
Second Team—Paine (F. A.), No. 1; Cheney (Cav.), No. 2; J. O. Daly (F. A.), No. 3; Estes (Cav.), No. 4.
Goals—Herr 5, Hoyle 2, Beard 1, Cheney 1.
Fouls—Herr, Cheney.
